A price-list for challenging times...

The release of our annual price-list is normally a time for celebration, however we acknowledge here the sober reality that – like ourselves - many who are about to browse these pages may be doing so from self-isolation or actual quarantine. None-the-less, we have to keep busy, and as long as we continue to have a functioning postal system, we are happy to service the collecting needs of all of our house-bound customers during the current public health emergency. All orders will be processed under a careful hygiene protocol and internally shrink-wrapped (where possible) prior to being shipped. To simplify ordering, we will also be applying a flat postage rate of \$3.00 per order, regardless of size of order or destination.

This is our largest price-list ever released, with more than 1,300 items representing 140+ countries. Please order by item number, using either Telephone, Email or Fax (do not use mail).

On behalf of myself, my family and staff, I wish everyone health, security and continued faith during these grim days and weeks ahead of us, with the Covid-19 crisis. Sean Isaacs
